

I Hope

I Hope life is worth it
I Hope I Can win
All the problems I am facing
Is where it begins.

I know times are changing
I know hope can change
All the pain that I am feeling
I hope will fade away.

My hope is like an angel
It keeps me safe
From the problems that I'm causing.
By making my mistakes.

I know I can make it
My Hope will I win
Day by day
I can feel it sinking in

I will find my woman
And with my love
Hope is my blessing
And trying I must.
